

Cookies Policy

What are Cookies:

Cookies are small text files, given ID tags that are stored on your computer's browser directory or program data subfolders. Cookies are created when you use your browser to visit a website that uses cookies to keep track of your movements within the site, help you resume where you left off, remember your registered login, theme selection, preferences, and other customization functions. The website stores a corresponding file (with same ID tag) to the one they set in your browser and in this file, they can track and keep information on your movements within the site and any information you may have voluntarily given while visiting the website, such as email address.

Cookies are often indispensable for websites that have huge databases, need logins, have customizable themes, other advanced features.

Cookies usually don't contain much information except for the URL of the website that created the cookie, the duration of the cookie's abilities and effects, and a random number. Due to the little amount of information a cookie contains, it usually cannot be used to reveal your identity or personally identifying information.

The Company does not use cookies to personally collect information about you – the cookies that we use only collect anonymous information to optimize our services and do not collect personal information.

Type of Cookies our Website Uses:

Our Website uses only strictly necessary cookies that provide the functionality you need to browse our site correctly. These cookies are essential for the operation of our Website, so as to be able to use its basic features and functions. These cookies are the following:

Name:	Domain	Description
AWSALBCORS	Amazon load balancer	provide load balancing functionality.
PHPSESSID	PHP	this is a general purpose PHP identifier used to maintain user session variables.
AWSALB	Amazon load balancer	sticky session for load balancing

You can change your cookies preferences through your web browser (more information can be found on the settings on each web browser, e.g., [Google Chrome](#), or [Microsoft Edge](#). Kindly also note that with cookies switched off, our website and/or our services might not be made available to you.
